SALE FOR CASH ONLY

Our Fifth Clothing Sale is proving that the people of Addison county are not slow to take advantage of the decided reductions we have made in our men's and young men's clothing.

Each one of these sales has been a success and the reason is not difficult to see. We have been frank and plain about our advertising and have endeavored to not exaggerate the importance of the offerings.

But the time for realizing profits on summer clothing is now passed. The longer the goods stay in our store the more they cost us. We can sell now to better advantage than later. Our profits are cut off—but we've got to clean out the summer goods and during hot weather is the time to do it.

There isn't a thing the matter with these clothes. They're this year's models, stylish and the patterns are desirable and attractive. The reductions are absolute and positive. There is this much—when you buy at this sale you get good serviceable clothing at much less than the regular prices.
